

LOKAS IN THE MULTIVERSE -- NEW HOPE, PA
with **SRI SHYAMJI BHATNAGAR**
December 26 - 31, 2011

TWO DAILY SESSIONS WITH SHYAMJI

Our multiverse is composed of visible and invisible planes of existence, called lokas. Beyond such visible lokas as Earth, Moon, and Mars are the invisible lokas composed of subtle, refined energy.

We dwell in Bhoor Loka where the divine within us experiences earthly existence in order to work out our earthly karmas. After many incarnations, these karmas are completed and we move to the next loka, Bhuvar Loka. Here we may meet parents, grandparents, siblings and cosmic mate. When those karmas are worked out and we reach contentment we then move to Svar Loka. From there we move to higher lokas until we reach our destined loka, called VAIKUNTHA.

Swamiji's course on Bhagavad Gita will be offered. There will be yoga stretches, movements and organic meals.

This week will be a path not walked upon yet. It will be a cosmic voyage to experience various lokas. Utilizing soorya aakaasha, mantras and sounds of unmatched beauty will be produced.

Dawn meditation with morning sounds of Shyamji's will be played. Your future meditations will never be the same.
